PROFILE

Passionate Software Developer with **around 3 years** of experience in **software Development.** Commited to ongoing learning, I bring expertise and enthusisam to every project. Eager to contribute innovative solutions and collaborative energy to dynamic team.

PROFESSIONAL EXPERIENCE

ROBOSOFT   APR 2023-JUN 2024

ASSOCIATE SOFTWARE ENGINEER

- Continued Working on E-commerce website for a food ordering company.
- Designed and implemented enterprise fintech applications for India's largest asset management company (UTI Mutual Fund), driving annual revenue of $1 billion using React, HTML, CSS, Javascript, and Redux.
- Implemented features like create Folio, SIP calculator, goal planning, Systematic corner, Home page etc. in ReactJS that boosted user engagement by 80%.

ROBOSOFT   AUG 2021-APR 2023

TRAINEE SOFTWARE ENGINEER

- Completed six months training in Basic Javascript, along with React JS technology and worked on assignment projects like Lorem (food e- commerce)website, and Virtual Learning website with a team of 3 members.
- Designed and developed highly optimized, responsive, and adaptive web applications in React, Redux, HTML, CSS, and Javascript for one of UAE's largest food order and delivery companies (Lyve Order), supporting user experiences across various browsers and devices.
- Implemented language translation (localization i18n) for global accessibility, which led to a 70% increase in the client's user base, contributing to their success. Implemented reusable components and front-end libraries for the project. Demonstrated excellent understanding of SEO and web standards & accessibility guidelines (WCAG), strong problem-solving, verbal communication, teamwork, troubleshooting, and collaboration skills.
- Implemented a range of benchmarking and performance optimization techniques in React.js, resulting in a substantial increase of over 95% in website performance. Proficient in translating Figma designs and wireframes into responsive UI (user interface) layouts with strong attention to detail.

ROBOSOFT   MAR 2021-JUN 2021

INTERN

- Successfully completed 90 days of Internship at Robosoft Technologies.

PERSONAL PROJECT

WEATHER APP
